MJF: MAAG JOURNAL FINDER

Maag Journal Finder: Specific Publications

Use [Maag Journal Finder](#) to locate the print and/or electronic holdings of journals. You can search for a specific journal title or browse journals by title or subject. This is the best way to locate an article if you already have the citation!

From the [Maag Library Home Page](#), click on [Maag Journal Finder](#) on the left side of the screen under **Quick Links**.

View the breakdown of [Subject Headings in Business & Economics](#).

ONLINE REQUEST FORMS

If you are having trouble locating the full text of an article, check [Maag Journal Finder](#) to view all print & electronic holdings for the journal. If MJF does not lead you to full text access of the article (print or electronic) use the [Online Article Request Form](#) to order the article electronically. InterLibrary Loan can locate most articles and will email you with a PDF attachment. This process takes approximately one week.

Below are direct links to **some** specific publications to which we have access. Many others can be accessed through various databases or Maag Journal Finder. Click on the publication title for ON CAMPUS ACCESS. Use the OFF CAMPUS ACCESS link when off campus. Authentication with a valid library barcode required.

BSC=Business Source Complete
